Dear Team Member:

Please take a few minutes to thoughtfully answer these questions in regard to your recent participation in a professional development learning event. This evaluation should take about 5-10 minutes to complete. Your opinions are very important. Your assistance in this matter is greatly appreciated.

1. Has attending this event help you better understand some particular ideas, concepts, research, and/or competencies about Collaborative Practice? Please describe.

2. Is there an idea/approach/concept from the event that you would like to back to your workplace/team? Please explain how and why you would be interested in integrating this new approach into your work.

3. Has this event provoked any interest in a specific area of Collaborative Practice? Describe the area/topic. Do you have any ideas on how you would like to receive this information (for yourself and for your team)?

4. Overall, has attending this event furthered/extended your knowledge of Collaborative Practice and/or increased your awareness and its value in patient-centred care? Explain.

THANK YOU FOR YOUR VALUABLE INPUT!
